Quiet Campaigning Being Done by

Provo, Oct. 24.-Politics are very quiet nsidering the nearness of the electio although considerable quiet work is being done. The chief interest centers in the election of the mayor, and from all appearances in the election of Mayor Roylance, as the Republican politicians, who have taken active interest in the election of a mayor in former years, are giving no such active support to Mr. Frisby as they have formerly given other Republican nominees for mayor. One of them, it is asserted on reliable authority, has even gone so far as to charge that the Republican convention, which nominated Mr. Frisby for mayor, was dictated by former Mayor T. N. Taylor, a prominent Democrat. This leaves the canvass to the rank and file of the Republicans. Whether they can get the Republicans whether they can get the Republicans to together in insufficient strength to overcome the unanimous and enthusiastic support given by the Democrats to Mayor Roylance is a question that will not be determined till the day of election, but it seems improbable new that they will be able to do this. Ithough considerable quiet work is being obable now that they will be able to do

IROQUOIS THEATRE PROPRIETORS ON TRIAL

Chicago, Oct. 24.-The first damage suit of His Countrymen. gainst the proprietors of the Iroquois theatre, which was burned Dec. 30, 1903 ill be commenced tomorrow in the United States circuit court before Judge andis. Edna S. Hunt, who was badly injured in the fire, has brought suit for \$25,000 against the theatre company and injured in the fire, has brought suit for \$25,000 against the theatre company and the Fuller Construction company, which erected the building. Two weeks have been occupied in securing a Jury. It was completed late this afternoon and Attorney Charles R. Spencer made the opening statement for the plaintiff. He declared he would show by evidence that the building ordinances were grossly violated by the theatre proprietors. There was, he declared, no flue pipe in the roof over the stage; that the exits were not properly marked; that there was no automatic sprinkler and that the appliances for extinguishing fire were grossly madequate. Attorney Spencer amounced that his first witness will be the plaintiff, Miss Hunt. She was with a party of six yourg women in the gallery. When the flames burst out she ran toward the exit through which she had entered the theatre. She was knocked down, trampled on, bruised and burned, but finally escaped with her life. Two of her companions were burned to death and the others escaped.

This suit is considered by lawyers to be of great importance. Hundreds of other suits, aggregating millions of dollars in damages, have been brought, and the evidence given and the verdict to be rendered in this first trial is of momentous consequence to all concerned. WHEN DRUGS FAIL

In rendering an opinion in the case of Bertha M. Peterson vs. H. McMartin et al., Judge Howell scored the Republican administration of Ogden unmercifully. The action was non-suited on technical grounds. Mrs. Peterson sued the sellers of intoxicants for damages for injuries sustained by her husband when he was under the influence of liquor purchased from the defendants. From the evidence submitted and the decision at the court it is learned that the saloon in question was being operated under a license granted for another place entirely. The decision of the court is, in part:

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily ogden announced yesterday that it was he who called the Republican committee chairman's attention to the fact that the graft among the political workers should be stopped and that immediately thereafter the first "graft resolution" was adopted by the committee, and later exJudge H. H. Rolapp bined the same procession in a protest that was sent to the newspapers before it reached the chairmen of the Democratic and Republican committees. Yesterday Mr. Halverson stated that it was about time that Ogden was ridding itself of some of the grafting that was conducted during the campaigns, and stated most emphatically that he would prosecute any cases whereby there traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache bearing-down pains, flatulency, nerv-

ouspess, sleeplessness, leucorrhœa. These symptoms are but warnings that there is danger ahead, and unless operation is the inevitable result. The never-failing remedy for all these symptoms is Lydia E. Pinkham's Veg-
